HEALTH SPAN™

The TriState's largest provider-sponsored PPO network

Our Products and Services

HealthSpan offers a full array of services designed to promote the complete care and health and wellness of your employee's and their families.

Health Medical Management

Traditional Utilization and Case Management including a pre-certification program for plan-selected services (UM) and aggressive, appropriate avoidance of ER visits and hospital admissions, and coordination of complex out patient services. Our Case Management department is URAC accredited and staffed by nurses certified in Case Management. Our Medical Director is on-site and provides support to case managers and provides direct contact with in our network as needed.

HealthSpan Healthy Life Wellness Options

We understand that not every solution is right for every client therefore HealthSpan offers you a choice of three Wellness options.

Interactive Health Solutions

A comprehensive and robust program, Interactive Health Solutions utilizes a blood draw screening process to test for more than 30+ conditions (total cholesterol, HDL/LDL, thyroid, triglycerides, blood glucose, diabetes, liver, kidney, blood, bone and muscle disease and cancer, complete blood count, and PSA in men over 40 is include). Blood pressure is taken and BMI is self reported. Participants take a written Health Risk Assessment at the time of screening. A comprehensive Website is also available for education and viewing and tracking results.

Know Your Number®

Also, a comprehensive program, Know Your Number is our midpoint option offering blood draw testing on “across all body systems” includes (total cholesterol, HDL/LDL, triglycerides, blood glucose, diabetes, Liver, kidney, blood, bone and muscle disease and cancer, and *PSA in men over 40 is available at an extra charge*). Blood Pressure is taken and BMI is measured. Health Risk Assessments are available online to participants.

Know Your Number® Basic

For clients just introducing a wellness program, this option may be a good fit. Know Your Number Basic offers a finger stick screening process for cholesterol HDL/LDL, triglycerides, and blood glucose. Blood Pressure is taken and BMI is measured. Health Risk Assessments are available online to participants.

Personal Health Management, Life Style Counseling and HealthSpan E-Coaching

Personal Nurse Coaches/Certified Care Managers target at-risk members for appropriate wellness intervention. Personal Nurse Coach follow-up, Life Style Counseling, and HealthSpan E-Coaching is available to support members by phone or on-line as they work to improve their health. Experienced Behavioral Health Clinicians collaborate with Nurse Coaches to evaluate and address psycho-social health concerns.

Life Management Systems

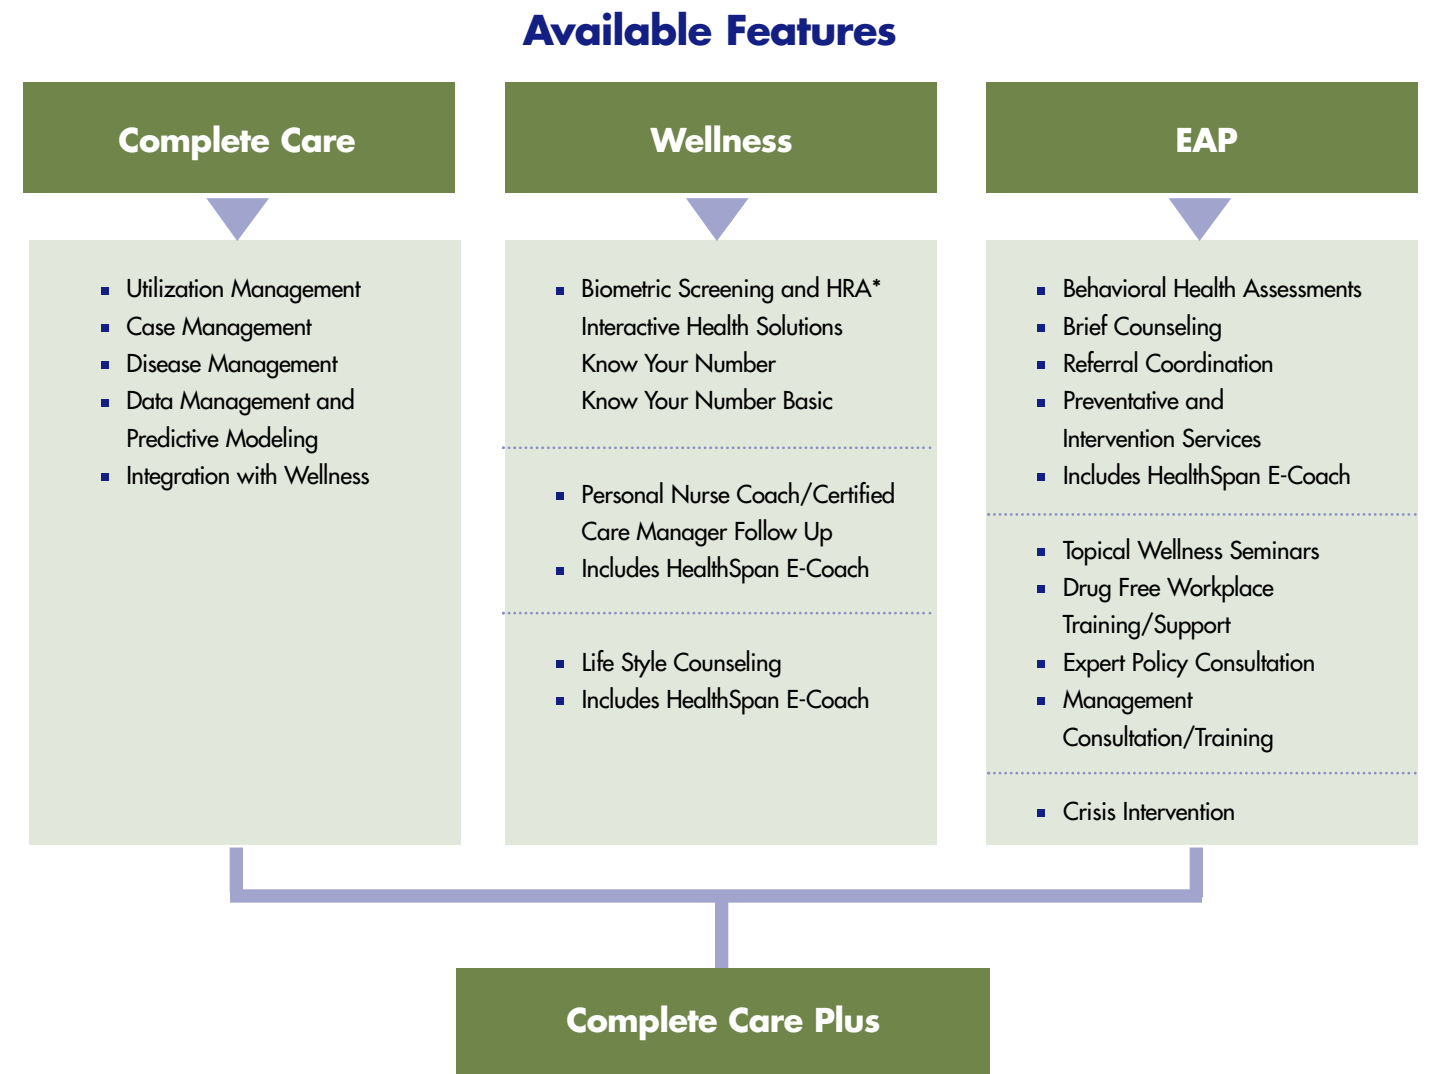

Licensed EAP professionals provide assessment, brief counseling, and referral assistance to employees and their household members regarding all types of personal and emotional health concerns. The EAP provides formal training for employees and managers required for compliance with the Ohio Bureau of Workers' Compensation Drug Free Workplace Program, as well as U.S. Department of Transportation regulations. EAP professionals also provide on site wellness education, management training and consultation, as well as crisis response services. Models providing from 3 to 8 sessions of employee counseling per presenting problem are available.

Complete Care and Complete Care Plus

For clients wanting the greatest value and the most comprehensive service for their employee, Complete Care integrates traditional Utilization Management, Care Management, Disease Management, Data Management and Predictive Modeling with Wellness and Personal Nurse Coach follow up and Lifestyle management counseling. Complete Care Plus offers all of the features of Complete Care with the added value of a complete EAP program.

Customization and Flexibility

If one of our comprehensive programs does not meet your needs, we are more than happy to customize something that is more appropriate for your population.

A wellness coordinator and Corporate Wellness Packages are also available to meet the aggregate needs of employees.*

Sample options include:

- Healthy Heart Series
- Stress Management
- Women's Health
- Men's Health
- Weight Loss
- Embracing Wellness
